# Restaurant

The restaurant is situated on the hotel's top floor, boasting both an indoor dining area and a terrace offering panoramic views of Dalt Vila. We provide a complimentary breakfast for guests who book directly through our website, while an à la carte breakfast is also available to the public, regardless of whether they are staying at the hotel. We can accommodate up to 50 diners inside the restaurant and 30 people on the terrace.

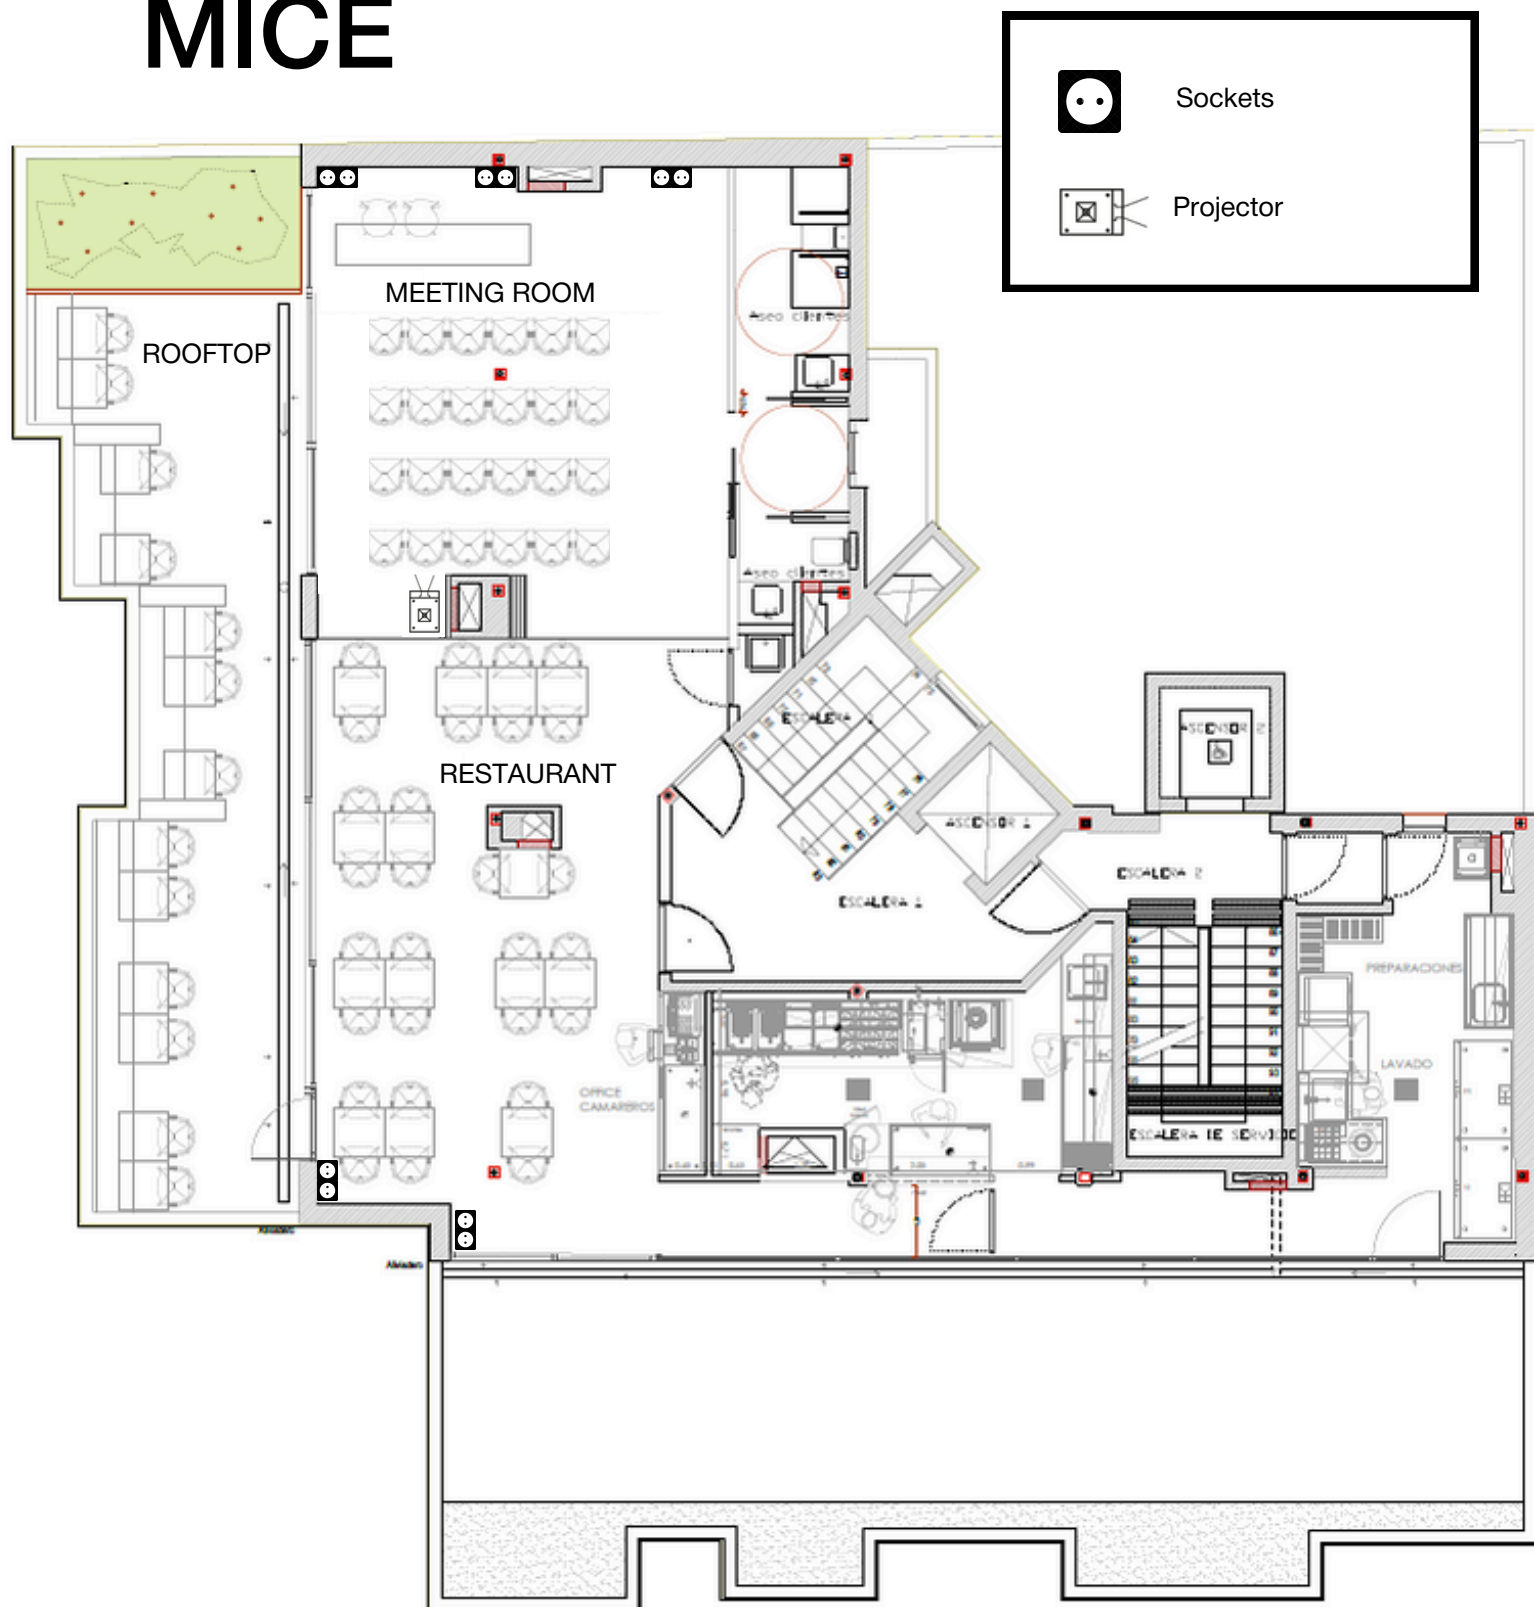

# MICE

At Core Ibiza Town Hotel's top floor, we offer a range of facilities ideal for hosting various events, from conferences to business breakfasts or product launches. Our meeting room, with a maximum capacity of 25 people in theater-style seating, is located there. It seamlessly connects to the terrace via expansive windows, allowing plenty of natural light and versatility, making it an ideal spot for hosting a coffee break with breathtaking views of Dalt Vila. The room is fully equipped with all the necessary audiovisual technology for meetings or presentations.

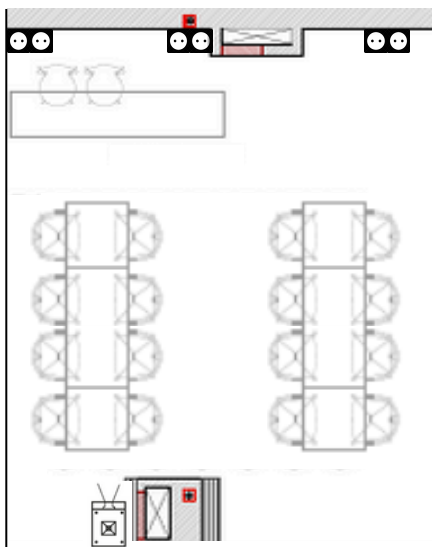

Additionally, a partition panel provides flexibility, allowing the meeting room to be separated from or connected to the restaurant, making it an excellent space for networking events.
